OBJECTIVE

Motivated Information Technology student seeking opportunities to apply my skills in Python, Java, SQL, and data analytics to solve real-world problems. As a pre-final year Information Technology student, I am Eager to contribute to organizational success while continuously learning and expanding my expertise, with additional strengths in video editing and graphic design to bring a creative edge to technical solutions and grow as a versatile professional in a dynamic work environment.

EDUCATIONAL INFORMATION

- B. Tech Information Technology **84%(Till 5th Semester)**
V.S.B College of Engineering Technical Campus, Coimbatore.
- Higher Secondary Certificate (HSC) **83%**
Sri Ragavendra Matric Higher Secondary School, Salem.

AREAS OF INTEREST

- Data Analytics
- Software Development
- Cloud Technologies
- Graphic Design
- Java Programming
- Python Programming

PROJECTS

Hospital Management System:

- Developed and Built a **Hospital Management System Website** for streamlining hospital administration and patient management processes.
- Implemented modules for patient registration, appointment scheduling, doctor management, and billing in a web-based platform.

Personal Portfolio:

- Developed a responsive personal portfolio website to showcase academic projects, technical skills, certifications, and achievements using modern web technologies.
- Designed and implemented an interactive user-friendly interface with optimized performance, clean UI/UX, and mobile compatibility to enhance professional online presence.

KEY SKILLS

- **Programming Languages:** Python, Java(Intermediate),
- **Version Control:** Git, GitHub
- **Databases:** SQL (Intermediate), Database Management
- **Data Analytics:** Data Analysis, Microsoft Excel (Advanced)
- **Tools & Technologies:** MS Office Suite, Excel
- **Creative Skills:** Graphic Design, Adobe Photoshop, Video Editing

EXPERIENCE

Cloud Computing Intern – Amazon Web Services (AWS)

- Completed internship training in cloud computing using AWS services, gaining practical knowledge in cloud infrastructure, storage, virtualization, and deployment concepts.
- Worked on cloud-based solutions and learned core AWS services such as EC2, S3, IAM, and VPC with hands-on exposure to cloud management and security practices.

SQL Intern Codetech IT Solution | Aug 2025 – Sep 2025

- Developed hands-on experience in relational database management and SQL query writing.
- Performed database operations such as data retrieval, insertion, updates, joins, and report generation using SQL.

CERTIFICATIONS

- **NPTEL Cloud Computing Certification** – Acquired knowledge of cloud architecture, virtualization, and core cloud service models (IaaS, PaaS, SaaS).
- **Basics of Python – Infosys Springboard** – Built a strong foundation in Python programming, including data types, control structures, functions, and problem-solving.
- **SQL Certification – HackerRank** – Demonstrated proficiency in writing SQL queries, data retrieval, joins, and database operations through hands-on coding assessments.
- **Advanced Microsoft Excel Certification – Itronix Solutions** – Gained expertise in advanced Excel functions, pivot tables, data analysis, and data visualization techniques for business insights.

ACTIVITIES AND HONORS

- Served as a **Co-ordinator for a Technical Quiz Event** during the college technical symposium, showcasing leadership, event management, and teamwork skills.
- Earned **UI/UX Professional Certification** conducted by Bannari Amman Institute of Technology, gaining practical exposure to user interface design and user experience principles.
- Attended a **National Level Technical Symposium** at Saveetha School of Engineering, engaging with emerging technologies and industry trends.

LANGUAGES KNOWN

- Tamil
- English

I hereby declare that the above furnished details are true to the best of my knowledge.
